Policy Document on the Green Campus, Environment and Energy

Green campus:

A Green campus is a place where Environmental friendly practices and education combine to promote sustainable and Eco-friendly practices in the campus. The Green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

Objectives of the Green Campus:-

The First step of the Green Campus involves establishing a viable Green- campus committee, within the organizational structure of the institute hence, to give this initiative more clarity and authenticity. The institution believes that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs correct disposal handing purchase of environment friendly supplies and to work out the time bound strategies to implement green campus initiative. These strategies need to be incorporated in to the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of the Institution will work, may he /she be a student, an employee and support staff to foster a culture of self- sustainability and make the entire campus environmental friendly.

Role of the Green Campus:-

For a successful Green campus, the college has Green Audit Committee which works to:

- Seek views of all the stake holders to make the campus green.
- Establish a Green campus Environmental Ethics Awareness among the students as well as the staff.
- Link Green campus activities to Academic in the institute.
- Organize Awareness programs for the student, faculty and society through tree plantation.

Various Committees Green Campus:

The college established following committees in academic year 2020-21 to maintain the campus clean, green and beautiful.

- Green Audit Committee
- Energy Audit Committee
- Environment Audit Committee

Green Audit Committee

Dr B.N. Dhakne	Principal/Chairman
Dr R.G. Ladda	Expert/Assistant Professor in Botany
Dr. M.M. Dudhbhate	Expert/Assistant Professor in Botany
Dr. Kiran P. Pinate	Member
Dr. A.N. Munde	Member
Dr. S. B. Satpute	Member Coordinator

Objective of the Green Audit Committee

- To examine the current practices which can impact on environment such as of resource utilization, waste management etc.
- To identify and analysis significant environmental issues.
- Setup goals, vision and mission for green practices in campus.
- Establish and implement environment management in various departments.
- Continues assessment for betterment in performance in green.

Energy Audit Committee

Dr B.N. Dhakne	Principal/Chairman
Dr J.H. Sendkar	Expert/Assistant Professor in Physics
Dr. B.C. Awchite	Member
Dr. A. B. Kendre	Member
Dr. L.H. Phad	Member Coordinator

Objective of the Energy Audit Committee

- To study the present pattern of energy consumption.
- To identify potential areas for energy optimization.
- To recommend energy conservation proposals with cost benefit analysis

Environment Audit Committee

Dr B.N. Dhakne	Principal/Chairman
Dr Sanjiv Kolpe	Expert/Assistant Professor in Geography
Dr. N.K. Latpate	Member
Dr. K. P. Pinate	Member
Dr. B.A. Gitte	Member Coordinator

Objective of the Environment Audit Committee

- To enhance environmental education through systematic environmental management approach.
- To improve environmental standards
- To protect environment and ban on use of plastic.
- To enhance sustainable use of natural resource in the campus

- To enrich curriculum through practical experience.

Policy Document on Environment:

The Environment and Energy usage policy of Late. Sow. Sheshabai Sitaram Mundhe Mahavidyalaya Gangakhed is to manage energy in such a systematic way so as to minimize its impact on the removable energy Resources as solutions to the energy crisis.

This environment and energy policy is binding for all the components of the institution and applies to all its stake holders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness in to our everyday activities thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The NSS Department of the college organizes plantation, clean campaign for environmental awareness, to undertake Green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

Policies:-

- To assess our energy usage and measure its impact on the environment.
- To count CO2 emissions generated by our means of transportations-vehicles.
- To reduce local air pollution emissions using environment friendly vehicles including bicycles public transportation and use of pedestrian friendly roads.
- To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanism.
- To develop rain water harvesting unit.
- To undertake tree plantation.

This policy will be communicated to the students and employees via internal communication channels, and will be made available to all the stake holders on the institutional web side. The committee functions to keep the Environment healthy and green. The committee and its members work under the guidance of the principal of the college.
